

Ultra Hygiene Flex Squeegee

23.6", Brown

Item Number: 736066

The Ultra Hygienic Flex Squeegee is the next evolution of Vikans category-defining hygienic design combining trusted single blade simplicity with enhanced flexibility for improved cleaning performance.

Developed in close collaboration with customers, this new variant responds to the need for a softer, more flexible blade that performs more effectively on wet and uneven floors.

Building on the single blade design preferred by auditors and end users, it improves surface contact and liquid removal delivering greater efficiency in demanding cleaning environments.

Unlike traditional models, the Ultra Hygienic Flex Squeegee is effective when both pulling and pushing liquids, making it ideal for areas with frequent washdowns and high moisture levels.

Maintaining Vikans proven Ultra Hygienic design, the squeegee is fully molded for easy cleaning and reduced contamination risk.

Manufactured from FDA and EU food-contact compliant materials and available in 12 color-coded options, it integrates seamlessly into existing hygiene systems.

Compatible with all Vikan threaded handles, this versatile tool can also be used on smooth surfaces to collect fine particles making it suitable for both wet and dry cleaning tasks.
