

Microfiber Socket Mop

Black

Item Number: 37009

The Vikan Microfiber Socket Mop delivers the cleaning power of microfiber with the functionality of a traditional socket mop. It ensures superior dirt and dust removal in hygiene-critical environments—including food and beverage manufacturing, food retail, general manufacturing, facilities management, pharmaceuticals, and HoReCa.

The color-coded microfiber mop was designed to be durable enough for industrial use and versatile enough to earn its place on your tool rack. It's a versatile workhorse. Use it dry to collect dust and debris or wet for superior cleaning over traditional socket mops.

The microfiber mop head can be laundered and reused up to 50 times, reducing replacement costs and environmental impact. The heavy-duty polypropylene socket head ensures longevity and easy maintenance.

Choose from 8 of our most popular colors to add the socket mop into your hygiene zoning plans. The Microfiber Socket Mop fits any Vikan threaded handle for seamless integration.
