

# ISO 14001 Environmental Policy

At Vikan, sustainability is an integral part of the way we conduct our business. Our long-term success depends on our ability to operate responsibly, reduce our environmental footprint, and create value for our customers, employees, and society.

We are committed to minimizing our environmental impact by:

- Selecting recycled and sustainable materials and packaging wherever feasible
- Implementing improvement initiatives to reduce our carbon footprint
- Preventing pollution
- Minimizing waste generation and the consumption of materials and resources.
- Choosing responsible suppliers

We are committed to complying with applicable environmental legislation and fulfilling all relevant compliance obligations and requirements. Furthermore, we are dedicated to the continual improvement of our Environmental Management System in order to enhance our environmental performance.
